

Dear Steve,

Thank you for your email.

The site was removed because, after further consultation, the potential golf club site for Affordable Housing on the B3000 was not included in this final plan, after further consultation due to:-

"Highway and access concerns, accessibility to the village, loss of woodland and environmental impact. This decision was made following a review of consultee responses through the draft plan consultation as well as further discussion with key consultees, notably Surrey Hills AONB and Surrey CC"

Regards.
