Foxenden Quarry Play Area – Concept Design Proposals

We have retained the existing boundary fence and gate access. York Road is to the north of the proposals.

Foxenden Quarry Play Area – Concept Design Proposals

York Road Car Park is to the left of this image. A new access path could be added. The fence will be retained.

Foxenden Quarry Play Area – Concept Design Proposals

These 3D computer visuals are taken from the full fly through film of our concept proposals.

Foxenden Quarry Play Area – Concept Design Proposals

These 3D computer visuals are taken from the full fly through film of our concept proposals.

We have developed a concept based on our 20 years of designing public play spaces and have specified surfaces, resilient playful planting, trees, structures and play features that are hard wearing, sustainable and offer the maximum amount of play value for all ages.

Foxenden Quarry Play Area – Digital & Physical Model Workshops

As part of our offer we will run both digital and physical design development workshops. These will result in a 3D fly through film of the proposals that can be shared on social media and your website.
